Note: Data since June, 2004 were revised because of bringing in correspondence with the IMF methodology and making monetary statistics data comparable with balance of payments data. Accounts of branches and representatives of foreign companies operating in our country are included in domestic assets/liabilities (earlier they were recorded in foreign assets/liabilities).

Note: Data since June, 2004 were revised because of bringing in correspondence with the IMF methodology and making monetary statistics data comparable with balance of payments data. Accounts of branches and representatives of foreign companies operating in our country are included in domestic assets/liabilities (earlier they were recorded in foreign assets/liabilities).

*) Accounts of National Bank, Second Level Banks and Credit Companies are included

Note: Data since June, 2004 were revised because of bringing in correspondence with the IMF methodology and making monetary statistics data comparable with balance of payments data. Accounts of branches and representatives of foreign companies operating in our country are included in domestic assets/liabilities (earlier they were recorded in foreign assets/liabilities).
